

THE GIVING TREE

The Giving Tree is a permanent sculptural installation, displayed in the lobby of the Marshfield Senior Center addition. It is a living memorial to appreciate and enjoy every time you visit the Center. What an enduring way to display your family name, a business or organization, a message in memory of a departed loved one or to honor someone special who enjoys the Senior Center. The cast bronze trunk is topped with a tinted acrylic canopy covered with high quality metallic leaves in the rainbow of green, bronze, silver and gold. Each color represents a specific monetary value and has space for up to four lines of 20 characters engraved. Money raised from donations to the Giving Tree will be used to support the needs of the entire Senior Center—both the original building and the addition, to increase the function and enjoyment for all who visit and benefit from the services, programs and camaraderie.
